Responsible Purchaser

Timber Development UK

building a better world with wood

OPERATOR

Brooks Bros (UK) Limited

is participating in Timber Development UK's (TDUK) Responsible Purchasing Programme (RPP) which includes, where applicable, gathering and reporting of annual import/purchasing data, conducting and continuously improving Due Diligence in line with the UK and/or EU Timber Regulation (UKTR/EUTR), and an Annual Declaration that includes their Trading Status.

All timber operator members who place timber on the UK market are required to go through an annual TDUK and/or independent audit in line with the UKTR. More broadly, all members who purchase or facilitate the purchase of timber (this includes trader and/or agents) must engage in a process of continuous improvement in regards to responsible sourcing.

31 March 2027

TDUK's Responsible Purchasing Policy (RPP) is a risk management framework for the continuous improvement of members' awareness, understanding and capacity for meeting the UK Timber Regulation (UKTR), UK Construction Products Regulation (CPR) and TDUK Code of Conducts.

This is part of our pledge to only supply the market with 'Timber You Can Trust'. More information can be found on our website.
